

Many operators are running into problems with the new law – The Food Act 2014.

We have had many customers call us just before the Verification which is often too late.

We can help:

Get your Template Food Control Plan, your National Programme 1, 2, or 3

Or if you wholesale food, we can write your Custom Food Control Plan (cFCP) or your Risk Management Plan (RMP).

Internal Verification

We can carry out an Internal Verification so that you do not have issues at your external Verification from the Council or MPI approved Verifiers. This will also get you an A Grade certificate

Setting up a Food Business or Getting an Alcohol License or buying an existing business?

We do the whole package for you while you concentrate on running your business

Training

Alcohol (Liquor) License and Training

We can apply and get your license and get your staff trained to be a manager (LCQ Training)

Food Safety Training run every week in English and in Chinese twice a month.

We accommodate training in other languages – Thai, Korean and Japanese
